Can't say just how great our guide was. He shared so much information with us on the region, answered all our questions, gave us time to explore on our own, and took good care of us... Activity Tours rocked, it was one of the best tours of our Australian vacation.

Activity tours had everything set up with the stop points so that we received quick service from top-notch personnel at each stop. For example, at every winery we were escorted to reserved areas.

We visited 4 vineyards, ate a great lunch, and during that 1 hour long break, if you wanted you could visit two other vineyards or enjoy the sunshine... Beautiful weather, great company, and all reasonably priced... all things considered.
